Copy of letter No. G/1436, dated the 8th October 1924 from the Superintendent, Central Jail, Bellary, to the Inspector-General of Prisons, Ootacamund.

.....

I have the honour to bring to your notice that Electric lighting is very shortly to be introduced into the Bellary Municipal Town. The power house has been built machinery fitted up and cables are being laid. As there is, I think, an order of Government to extend Electric lighting into Jails situated near to places where electric power installation is at work, I suggest that the sanction of Government may be obtained to light this Jail with electricity and the Government electric Engineer be addressed to prepare a Scheme and an estimate for the work.

I submit herewith a rough estimate prepared by the Agents of the General Electric Company.

.....

Copy of letter No. 3826, dated the 18th October 1924 from the Electrical Engineer, Madras to the Inspector-General of Prisons, Ootacamund.

.....

With reference to your No. 10606, dated the 14th October 1924, I have the honour to inform you that it is too late to include this work in my budget for 1925--26. Hence the enclosure is returned as per your request. A lump sum of 4000/- may be provided in your budget if you can manage it. If after provision of the lump sum is made, you will kindly let me know, then the details will be checked on the spot and a complete estimate will be prepared by this Department.
